# Saniflo SFA CLEANING DESCALER

## SPECIALLY DESIGNED FOR Saniflo PRODUCT

For more than 60 years, Saniflo SFA has been a specialist in macerating toilet systems. The Saniflo SFA cleaning descaler is perfectly designed to descale right inside your appliance and clean it while caring for its internal components.

○ Safe for septic tanks.

○ Child-proof cap: push down and turn to open.

○ Instructions for use

Unplug the unit to prevent it from starting up.

Add 1 liter into the bowl.

Allow it to act for 2 hours.

Plug it back in and flush twice to rinse.

Repeat this operation every month for very hard water, every 3 months for hard water and every 6 months for soft water.

The only descaler approved for SFA products.

### Cleaning Descaler special Saniflo unit

May be corrosive to metals. Causes skin irritation. Causes serious eye irritation. Keep out of reach of children. Keep only in original packaging.

**IF ON SKIN** (or hair): take off immediately all contaminated clothing. Rinse skin with water [or shower].

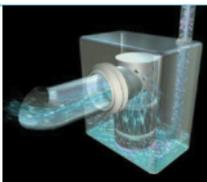

**IF IN EYES:** rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Call a **POISON CENTER**/doctor. Dispose of the contents and container in accordance with local/regional/national regulations in force.

WARNING

Increases the service life of the unit's components: rubber membrane, blades, plastics, etc.

### HOW OFTEN SHOULD YOU DESCALE?

Hardness of water depends on where you live in Australia or New Zealand.

• **HARD WATER AREAS:**  
you should use Saniflo Descaler every three months.

• **SOFT WATER AREAS:**  
you should use Saniflo Descaler every six months.
